RELEASING THE HANDBRAKE ON THE GREAT COMMISSION

“Release” is an evangelism training conference designed to motivate, equip and mobilise people to confidently, joyfully and effectively participate in the Great Commission. The four aims of the conference are: to clearly define the Gospel; to redefine the meaning of evangelism; to provide practical tools that enable people to spread and proclaim a carefully crafted salvation message; and to encourage and motivate people to get involved in the Great Commission. It consists of a series of training sessions that will inspire and challenge the whole church.
